Dear Customer:

In order to address your concerns regarding safe, secure online credit card purchases – transactions may be processed through PAYPAL. We can accept all major credit cards. You do not need to have a PAYPAL account to order safely.

For those who prefer not to use PayPal, please use this form. Due to widespread credit card fraud, our processing center requests that we have your signature on file in the absence of being able to process the actual card. Don't leave off the 3 or 4 digit code on the back of your card. For security purposes, we do not keep this information anywhere that might be accessible by outside sources via computer. The products sold are manufactured by "ARO 2000". Charges will appear on your monthly statement as being billed by "PUTT GEORGI LTD". ARO 2000 is a **subsidiary** of Putt Georgi Ltd.
